Information Request AG-1-7

- Q. Does the Company currently purchase and plan to expand its purchase, or expect to purchase transportation services from Iroquois Pipeline? If yes, please describe, in detail the purchases and how the plans are related to gas supply purchases at Dawn or Waddington.
- A. The Company currently holds 16,794 Dt/day of firm transportation capacity pursuant to Iroquois' RTS-1 rate schedule with a primary receipt point at Waddington and a primary delivery point at the interconnection with Tennessee Gas Pipeline at Wright, NY. These entitlements are used to transport the ANE volumes. The Company also holds 35,000 Dt/day of firm transportation capacity from Waddington to Wright that can be used to move additional volumes as needed. The Company does not currently plan to increase the amount of transportation capacity it holds on Iroquois Gas Transmission.
